PhD Fellowships

The Berlin International Graduate School in Model and Simulation based Research offers PhD fellowships for outstanding students holding a master's degree. The fellowships will be awarded by the following three faculties of the TU Berlin:

- Faculty II: Mathematics and Natural Sciences
- Faculty V: Mechanical Engineering and Transport Systems
- Faculty VI: Planning - Building - Environment

The research focus of BIMoS will be on the following range of topics:

- (High-Dimensional) Data Analysis
- Inverse Problems
- Model Design
- (Discrete) Optimization
- Reduced Modeling from Large Scale Numerical Simulation

Application deadline: December 1st, 2015

Beginning of financial support: Summer/Fall 2016

Duration of support: 3 years
